Why Every Doctor Should Know...*and* *use*...These Cards!

General Diaper Service Offers You a Simple FREE Way to Help Your Patients, and Please Them, Too!

THE NEXT TIME you are talking to one of your patients who is the mother of a small baby, or who is about to become a mother, you will appreciate having one of these cards.

The minute you sign it and give it to her, *she is entitled to one week's service from New York's most famous diaper service.* This one week of service comes to her as a gift from you . . . *and it is entirely free.* She has no cost to meet, and is under no obligation to continue the service when this week is ended.

You will be giving your patient a gift she will appreciate. It guarantees her one week that is entirely free from the worry and drudgery of diapers. We send her stacks of them . . . a luxurious supply . . . snow-white . . . extra-soft . . . fluffy . . . specially wrapped for purity and cleanliness. And when our uniformed attendant delivers them, he leaves a smart, white, inner-lined nursery container to take care of her soiled supply.

Many doctors have made the steady use of these cards a standard practice. They tell us mothers are invariably grateful and pleased — and particularly when they are leaving the hospital, and returning home with a new child for the first time. It banishes a worrying detail.

Who stands behind these cards

General Diaper Service is the oldest and largest company of its kind in the world. We *specialize*

(OVER)

in the sterilization of diapers. We are the only company supplying diapers to 32 leading hospitals in New York — *the only company that takes care of the needs of 1 out of every 4 babies born in the metropolitan district.*

We are proud of our service. Proud of it from our fleet of spotless trucks to our alert, uniformed attendants. Proud of the way we wash every diaper in a multiple-suds formula of special, germ-killing soaps. Proud of the way we sterilize each diaper in 100 pounds of live steam at 330° F. Proud of the way we rinse them in gallons of clean water...fluff them in jets of hot air ...specially wrap them for purity and softness.

We are today lifting a load of drudgery and worry from 10,000 New York mothers, and we frankly want new thousands of mothers to see for themselves...at our expense...what we can do for them.

As many cards as you wish

If you find, as so many doctors do, that your patients appreciate your giving them these cards, we will be only too glad to supply you with as many cards as you wish.

Put a stack of them in your desk drawer. Put five or six in your bag. Your signature makes each card a gift worth a substantial sum in cash — let alone the worry, and work, that it will save your patient.

If you will telephone your request for more of these cards to HAvemeyer 4-7272, in New York...or WAverly 3-2123 in New Jersey...we will send you any number of these cards that you request.
